

VIGEVANO, LEONARDO AND THE LEGACY OF LUDOVICO IL MORO

(MYSTERIES, PASSIONS AND SECRETS)

Enigmas and secrets, dukes and princes, wives and courtesans, paintings and writings, science and legends... You'll find a little bit of everything in this Adventure taking place in Lombardy (a region in Northern Italy), and in particular in Vigevano, the beloved town of Ludovico il Moro, Duke of Milan back in the Renaissance, who was first patron and then friend of the great Genius, Leonardo da Vinci. His personality and life are still surrounded by an aura of mystery and maybe this is what he really wanted to, but we, the Guardians of the Order, know him better than anyone else.

VIGEVANO, LEONARDO AND THE LEGACY OF LUDOVICO IL MORO

GOAL OF THE ADVENTURE

Making a simple visit around Vigevano and its main attractions into a real exciting Adventure. Amazing places to discover and Enigmas to solve, objects or witnesses of the town to find through the visitors' own device, thanks to the available technologies of the AUGMENTED REALITY, GEOLOCALIZATION AND GEOFENCING included in the APP, to live an innovative experience.

The App will allow the participants to live the Adventure just like the protagonists in a film, totally free to move and act according to their pace and rhythms.

The Guardians of the Phoenix Order will support them throughout the Adventure up to the end and will present them the related Enigmas.

Once the participants purchase the Adventure, the Guardian will show the first place to discover in order to start the challenge.

At the end of each Adventure, a digital certificate of "Great Inquirer of the Mysteries of Milan" will be issued to those who successfully complete the challenge, with the opportunity to print it or share it on socials.

Remember that you can always stop the Adventure and catch it again whenever you want.

PASSIONS INVOLVED

Mystery, passions, secrets, Leonardo da Vinci, adventure, game, history, art, culture, curiosity

ADVENTURE AREA

The adventure takes place in the symbolic locations in Vigevano

RECOMMENDATIONS FOR THE ADVENTURE

The device must be on and fully charged, with a free memory, Power Bank, active data connection (internet or wi-fi device), active GPS and earphones. If you close the OpenCITY App during the experience, it can happen that it will take a few minutes to the GPS to reassess your position, once you open the App again. To reduce the battery consumption, it is recommended to close all the applications not related to the Adventure.

SUPPORTED DEVICE IOS system from version 10 onwards, Android system from version 5 onwards

LENGTH OF THE ROUTE

Around 3 hours for performing the whole Adventure, on foot and by car, including the time necessary to move from one place to the other and to solve the Enigmas. It is recommended to dedicate some of your time to visit the city attractions and the surroundings so to make the experience a lot more meaningful and complete.

LANGUAGES OF THE ADVENTURE Italian and English

DIFFICULTY OF THE ADVENTURE ●●●○○

SUITABLE FOR

Everybody. There is no need for specific competences to face the Adventures. Little hints are in the App, in the HELP function.

To get more help, a link with further info and details will correspond to each image that will show up by clicking on the HELP icon.

Some attractions will not offer barrier-free access, so people with heavy motor disabilities should not participate, unless accompanied.

ADVICE

Please note that due to closing days of the attractions involved in the Adventure, you should not undertake it on December 25th

WARNING!

If the object to catch is not visible anymore for reasons of force majeure, even if temporary, (scaffoldings and/or drapes for renovations, bad weather conditions etc.), or it has been moved, it will be necessary to place into the position required by the hint and activate the function "Augmented Reality" included in the App. The App technology will acknowledge your position and, if correct, the Adventure can proceed.
